

LISTE DES PUBLICATIONS de Milan Maksimovic

Revue à comité de lecture (revues de rang A)

- [1] The Solar Wind Electron Parameters from Quasi-Thermal Noise Spectroscopy and Comparison with other Measurements on Ulysses, M. Maksimovic, S. Hoang, N. Meyer-Vernet, M. Moncuquet, J.-L. Bougeret, P. Canu and J. L. Phillips, *Journal of Geophysical Research*, 100, 19,881-19,891, 1995a.
- [2] Latitude dependance of Solar Wind plasma thermal noise: Ulysses observations, S. Hoang, N. Meyer-Vernet, K. Issautier, M. Maksimovic and M. Moncuquet, *Astronomy & Astrophysics*, 316, 430-434, 1996.
- [3] A kinetic model of the solar wind with Kappa distribution functions in the corona, M. Maksimovic, V. Pierrard and J Lemaire, *Astronomy & Astrophysics*, 324, 725-734, 1997a
- [4] Ulysses electron distributions fitted with Kappa functions, M. Maksimovic, V. Pierrard and P. Riley, *Geophysical Research Letters* , 24, 1151-1154, 1997b.
- [5] Solar wind density intercomparisons on the WIND spacecraft using WAVES and SWE experiments, M. Maksimovic, J.L. Bougeret, C. Perche, J.T. Steinberg, A.J. Lazarus, A.F. Viñas and R.J. Fitzenreiter, *Geophysical Research Letters* , 25, 1265-1268, 1998b.
- [6] WIND-Ulysses source location of radio emissions associated with the January 1997 Coronal Mass Ejection, S. Hoang, M. Maksimovic, J.L. Bougeret, M.J. Reiner and M.L. Kaiser, *Geophysical Research Letters* , 14, 2497-2500, 1998c.
- [7] Ulysses and WIND particle observations of the November 1997 solar particle events, D. Lario, R.G. Marsden, T.R. Sanderson, M. Maksimovic, A. Balogh, R.J. Forsyth, R.P. Lin, and J.T. Gosling *Geophysical Research Letters* , 25, 3469-3472, 1998d.
- [8] Current sheet control of recurrent particle increases at 4 - 5 AU, T.R. Sanderson, D. Lario, M. Maksimovic, R.G. Marsden, C. Tranquille, A. Balogh, R.J. Forsyth, and B.E. Goldstein, *Geophysical Research Letters*, 26, 1785-1789, 1999c.
- [9] Electronic velocity distribution functions from the solar wind to the corona, V. Pierrard, M. Maksimovic and J. Lemaire, *Journal of Geophysical Research*, 104 , 17021-17032, 1999.
- [10] Energetic proton observations at 1 and 5 AU 1. January-September 1997, D. Lario, R.G. Marsden, T.R. Sanderson, M. Maksimovic, B. Sanahuja, A. Balogh, R.J. Forsyth, R.P. Lin and J.T. Gosling, *Journal of Geophysical Research*, 105, 18235-18250, 2000a.
- [11] Energetic proton observations at 1 and 5 AU during 1997-1998 2. rising phase of the solar cycle 23 :, D. Lario, R.G. Marsden, T.R. Sanderson, M. Maksimovic, O.C. St Cyr, S. Plunkett, A. Balogh, R.J. Forsyth, R.P. Lin and J.T. Gosling, *Journal of Geophysical Research*, 105, 18251-18274, 2000b.
- [12] Solar wind electron suprathermal strength and temperature gradients: Ulysses observations, M. Maksimovic, S.P. Gary and R.M. Skoug, *Journal of Geophysical Research*, 105, 18337, 2000c.

- [13] Latitudinal distribution of the solar wind properties in the low- and high-pressures regimes : Wind observations, C.Lacombe, C. Salem, A. Mangeney, J.-L. Steinberg, M. Maksimovic, J.-M. Bosqued, *Annales Geophysicae* 18, 852-865, 2000d.
- [14] Statistical analysis of coronal shock dynamics implied by radio and white-light observations, M.J. Reiner, M.L. Kaiser, N. Gopalswamy, H. Aurass, G. Mann, A. Vourlidas and M. Maksimovic, *Journal of Geophysical Research* 106, 25279-25289, 2001.
- [15] Determination of accurate solar wind electron parameters using particle detectors and radio wave receivers, C. Salem, J.-M. Bosqued, D.E. Larson, A. Mangeney, M. Maksimovic, C. Perche, R.P. Lin, and J.-L. Bougeret, *Journal of Geophysical Research*, 106, 21701-21717, 2001.
- [16] Self consistent model of solar wind electrons, V. Pierrard, M. Maksimovic and J. Lemaire, *Journal of Geophysical Research*, 107, 29.305-29312, 2001
- [17] Polarization and propagation of "Lion roars" in the dusk side magnetosheath, M. Maksimovic, C.C.Harvey, O.Santolik, C.Lacombe, Y. de Conchy, D.Hubert, F.Pantellini, N.Cornilleau-Wehrlin, I.Dandouras, E.A.Lucek, and A.Balogh, *Annales Geophysicae* 19, 1471-1481, 2001.
- [18] Multi-spacecraft observations of broadband waves near the lower hybrid frequency at the Earthward edge of the magnetopause, M. André, R. Behlke, J-E Wahlund, A. Vaivads, A. Eriksson, A. Tjulin, T. Carozzi, C. Cully, G. Gustafsson, D. Sundkvist, Y. Khotyaintsev, N. Cornilleau-Wehrlin, L. Rezeau, M. Maksimovic, E. Lucek, A. Balogh, M. Dunlop, P.-A. Lindqvist, F. Mozer, A. Pedersen and A. Fazakerley, *Annales Geophysicae* 19, 1471-1481, 2001.
- [19] Coordinated Ground-Based, Low Altitude Satellite and Cluster Observations on Global and Local Scales During a Transient Postnoon, Sector Excursion of the Magnetospheric Cusp, H. J. Opgenoorth, M. Lockwood, D. Alcayde, E. Donovan, M. J. Engebretson, A. P. van Eyken, K. Kauristie, M.Lester, J. Moen, J. Waterman, H. Alleyne, M. André, M. W. Dunlop, N. Cornilleau-Wehrlin, A. Masson, A. Fazerkerley, H. Reme, R. Andre, O. Amm, A. Balogh, R. Behlke, P.L. Blelly, H. Boholm, E. Borälv, J.M. Bosqued, S. Buchert, M. Candidi, J.C. Cerisier, Ch. Cully, W.F. Denig, R. Doe, P.Eglitis, R. A. Greenwald, B. Jackal, J. D. Kelly, Ian Krauklis, G. Lu, I. R. Mann, M.F. Marcucci, I. W. McCrea, M. Maksimovic, S. Massetti, P. M. E. Decreau, D. K. Milling, S. Orsini, F. Pitout, G. Provan, J. M. Ruohoniemi, J. C Samson, J. J. Schott, F. Sedgemore-Schulthess, R. Stamper, P. Stauning, A. Strömme, M. Taylor, A. Vaivads, J. P. Villain, I. Voronkov, J. Wild, and M. Wild, *Annales Geophysicae* 19, 1367-1398, 2001.
- [20] Spatio-temporal variability and propagation of equatorial noise, O.Santolik, J.S. Pickett, D.A. Gurnett, M.Maksimovic and N.Cornilleau-Wehrlin, *J. Geophys. Res.*, 107, No. A12, 1495, doi:10.1029/2001JA009159, 2002.
- [21] Continuum emission and broadband electrostatic noise at the low latitude boundary layer: a diagnostic of boundary layer dynamics, Farrell W. M., R. J. Fitzenreiter, M. L. Kaiser, K. Goetz, M. Maksimovic, and M. J. Reiner, *Geophys. Res. Lett.*, 29, 10.1029/2000GL012799, 2002.
- [22] A kinetic exospheric model of the solar wind with a non-monotonic potential energy for the protons, H. Lamy, V. Pierrard, M. Maksimovic, and J. Lemaire, *J. Geophys. Res.*, 108 (A1), 1047, doi:10.1029/2002JA009487, 2003.
- [23] Source location of chorus emissions observed by CLUSTER, M. Parrot, O. Santolík, N. Cornilleau-Wehrlin, M. Maksimovic, and C.C. Harvey, *Annales Geophysicae*, 21, 473-480, 2003.

- [24] First results obtained by the Cluster STAFF experiment, Cornilleau-Wehrlin N., Chanteur G., Perraut S., Rezeau L., Robert P., Roux A., Villedary C. de, Canu, P. , Maksimovic M., Conchy, Y. de, Hubert D. , Lacombe, C. , Lefeuvre, F., Parrot M., Pinçon, J.L. , Décréau P.M.E., Harvey C.C., Louarn Ph., Kofman, W., Santolik, O., Alleyne H.St.C., Roth M. and STAFF team, *Annales Geophysicae*, 21, 437-456, 2003.
- [25] Magnetospherically reflected chorus waves revealed by ray tracing with CLUSTER data, M. Parrot, O. Santolik, N. Cornilleau-Wehrlin, M. Maksimovic, and C.C. Harvey, *Annales Geophysicae*, 21, 1111-1120, 2003.
- [26] Bow shock motions observed with CLUSTER, M. Maksimovic, S.D. Bale, T.S. Horbury and M. Andre, *Geophysical Research Letters*, 30, NO. 7, 1393, doi:10.1029/2002GL016761, 2003.
- [27] Cluster observations of finite amplitude Alfvén waves and small scale magnetic filaments downstream of a quasi-perpendicular shock, O. Alexandrova, A. Mangeney M. Maksimovic, C. Lacombe, N. Cornilleau-Wehrlin, E.A. Lucek, P.M.E. Décréau, J.-M. Bosqued, P. Travnicek, and A.N. Fazakerley, *Journal of Geophysical Research* Vol. 109, No. A5, A05207, 10.1029/2003JA010056, 2004.
- [28] A transonic collisionless model of the solar wind, I. Zouganelis, M. Maksimovic, N. Meyer-Vernet, H. Lamy and K. Issautier, *ApJ*, 606:542–554, 2004.
- [29] Observations of lower hybrid cavities in the inner magnetosphere by the Cluster and Viking satellites, A. Tjulin, M. André, A.I. Eriksson and M. Maksimovic, *Annales. Geophysicae.*, 22, 2961-2972, 2004.
- [30] Drifting field-aligned density structures in the night-side polar cap, O. Santolik, A. M. Persoon, D.A. Gurnett, P.M.E. Décréau, J.S. Pickett, O. Marsalek, M. Maksimovic, and N. Cornilleau-Wehrlin, *Geophys. Res. Lett.*, 32, L06106, doi:10.1029/2004GL021696, 2004.
- [31] Radial Evolution of the Electron Distribution Functions in the Fast Solar Wind between 0.3 and 1.5 AU, M. Maksimovic, I. Zouganelis, J.-Y. Chaufray, K. Issautier, E.E. Scime, J. Littleton, E. Marsch, D.J. McComas, C. Salem, R.P. Lin, and H. Elliott , *J. Geophys. Res.*, 110, A09104, doi:10.1029/2005JA011119.
- [32] The ISL Langmuir Probe experiment and its data processing onboard DEMETER: scientific objectives, description and first results, J-P. Lebreton, S. Stverak, P. Travnicek, M. Maksimovic, D. Klinge, S. Merikallio, D. Lagoutte, B. Poirier, P.-L. Blelly, Z. Kozacek, M. Salaquarda, soumis à *Planetary & Space Science*, 2005.
- [33] Coherent Whistler Emissions in the Magnetosheath and Magnetosphere. Cluster Observations, E. M. Dubinin, M. Maksimovic, N. Cornilleau-Werhlin, K. Sauer, D. Fontaine, P. Travnicek, A. Mangeney, O. Alexandrova, M. Fraenz, I. Dandouras, E. Lucek, A. Balogh, and M. Andre, en phase de soumission à *Annales Geophysicae*, 2005.
- [34] Acceleration of weakly collisional Solar-type winds, I. Zouganelis, N. Meyer-Vernet, S. Landi, M. Maksimovic and F. Pantellini, *ApJ letters*, 626:L117–L120, 2005
- [35] Electron Velocity Distribution and Lion Roars in the Magnetosheath, W. Masood, S. J. Schwartz, M. Maksimovic and A. N. Fazakerley, en phase de soumission à *Annales Geophysicae*, 2005.
- [36] Theoretical modelling for the Stereo mission, M J. Aschwanden et al en phase de soumission à *Space Sciences Reviews*, 2005.

[37] VLF/ELF Wave activity in the vicinity of the polar cusp: Cluster Observations, Naiguo Lin, E. S. Lee, J. McFadden, G. Parks, M. Wilber, M. Maksimovic, N. Cornilleau-Wehrin, A. Fazakarley, E. Lucek, H. Reme, O. Santolik, Q.-G. Zong, en phase de soumission

Autres revues à comité de lecture

[38] Core, halo and strahl electrons in the solar wind, V. Pierrard, M. Maksimovic and J. Lemaire, *to Astrophysics and Space Science* 277, p. 195-200, 2001.

[39] On the exospheric approach for the solar wind acceleration, M. Maksimovic, V. Pierrard and J. Lemaire, *Astrophysics and Space Science* 277, p. 181-187, 2001.

[40] Ulysses-Wind in situ thermal noise measurements of the solar wind electron density and thermal temperature at solar maximum and minimum, C. Salem, S. Hoang, K. Issautier, M. Maksimovic, and C. Perche, *Adv. Space Res.*, 42,4, 491-496, 2003.

[41] Observations of a Unique Cusp Signature at Low and Mid Altitude, Keith, W., D. Winningham, M. Goldstein, M. Wilber, A. Fazakarley, H. Reme, T. Fritz, A. Balogh, N. Cornilleau-Wehrin, and M. Maksimovic, *Surv. Geophys*, Septembre 2003.

[42] Investigation of waves below the lower hybrid frequency in the equatorial region, F. Nemec, O. Santolik, K. Gereova, E. Macusova, H. Laakso, Y. de Conchy, M. Maksimovic and N. Cornilleau-Wehrin, sous presse à *Adv.Space Res.*, 2004.

[43] Solar wind electron density and temperature over solar cycle 23: Thermal noise measurements on Wind, Issautier K., C. Perche, S. Hoang, C. Lacombe, M. Maksimovic, J.-L. Bougeret and C. Salem, *Adv. Space Res.*, 35, 2141-2146, 2005.

[44] Solar wind electron temperature and density measurements on the Solar Orbiter with thermal noise spectroscopy, M. Maksimovic , K. Issautier, N. Meyer-Vernet, C. Perche, M. Moncuquet, I. Zouganelis , S.D. Bale, N. Vilmer and J.-L. Bougeret, *Advances in Space Research*, Volume 36, Issue 8, Pages 1471-1473, 2005

[45] The Radio Waves & Thermal Electrostatic Noise Spectroscopy (SORBET) Experiment on BEPICOLOMBO/ MMO/PWI: Scientific Objectives and Performance M. Moncuquet, H. Matsumoto, J-L Bougeret, L. Blomberg, K. Issautier, Y. Kasaba, H. Kojima, M. Maksimovic, N. Meyer-Vernet and P. Zarka, soumis à *Adv.Space Res.*, 2004.

Proceedings à comité de lecture

[46] Properties of the solar wind electrons between 1 and 3.3 AU from Ulysses thermal noise measurements, M. Maksimovic, S. Hoang and J.-L. Bougeret, *Solar Wind Eight*, AIP conference proceedings 382, p. 297, 1995b.

[47] Measuring plasma parameters with thermal noise spectroscopy, N. Meyer-Vernet, S. Hoang, K. Issautier, M. Maksimovic, R. Manning, M. Moncuquet and R.G. Stone, *AGU Monograph on Measurements Techniques in Space Plasmas, Geophysical Monograph* 103, 1998a.

[48] On the energetic particle fluxes at 5 AU associated with the April/May 1998 solar activity: Ulysses observations, R.G. Marsden, D. Lario, T.R. Sanderson, M. Maksimovic, A. Balogh, S. Dalla and R.J. Forsyth, *Solar Wind Nine*, AIP conference proceedings 471, p.609, 1999a.

[49] Electronic velocity distribution functions from the solar wind to the corona, M. Maksimovic, V. Pierrard, J. Lemaire and D. Larson, *Solar Wind Nine*, AIP conference proceedings 471, p.267 1999b.

[50] A new exospheric model of the solar wind acceleration: the transsonic solutions, I. Zouganelis, M. Maksimovic, N. Meyer-Vernet, H. Lamy and V. Pierrard, *Solar Wind Ten*, AIP conference proceedings 679, p. 315, 2003.

[51] Some Basic Aspects of Solar Wind Acceleration, N. Meyer-Vernet, A. Mangeney, M. Maksimovic, F. Pantellini and K. Issautier *Solar Wind Ten*, AIP conference proceedings 679, p. 263, 2003.

[52] Solar wind kinetic exospheric models with typical coronal holes exobase conditions, H. Lamy, M. Maksimovic, V. Pierrard and J. Lemaire, *Solar Wind Ten*, AIP conference proceedings 679, p. 367, 2003.

Autres publications

[53] Etude d'un modèle cinétique du vent solaire et spectroscopie du bruit thermique sur Ulysses, M. Maksimovic, *Thèse de doctorat de l'Université Paris 7*, 1995.

[54] Bruit thermique sur ULYSSES et variation radiale de la température des électrons du vent solaire, M. Maksimovic, J.-L. Bougeret et S. Hoang, *Actes du séminaire scientifique du GDR Plasmae*, Giens, 1993.

[55] Modèle cinétique du vent solaire avec des fonctions de distribution supra-thermiques dans la couronne, M. Maksimovic, V. Pierrard et P. Riley *Actes du séminaire scientifique du GDR Plasmae*, Chantilly, 1996.

[56] Solar Wind Electron Temperature and Density Measurements for the Solar Orbiter using the Thermal Noise spectroscopy, M. Maksimovic, K. Issautier, S.D. Bale, N. Vilmer, M. Moncuquet, N. Meyer-Vernet and J.-L. Bougeret, *Solar encounter, Proceedings of the First Solar Orbiter Workshop*, 14 - 18 May 2001, Puerto de la Cruz, Tenerife, Spain, ESA SP-493, ISBN 92-9092-803-4, p. 285, 2001.

[57] Ion acceleration in solar flares: low energy neutron measurements, Vilmer N., M. Maksimovic, R.P. Lin, G. Trottet, *Solar encounter, Proceedings of the First Solar Orbiter Workshop*, 14 - 18 May 2001, Puerto de la Cruz, Tenerife, Spain, ESA SP-493, ISBN 92-9092-803-4, p. 405, 2001.

[58] Non-thermal velocity distribution functions in the interplanetary medium : on their origin and consequences for the Solar Wind acceleration, M. Maksimovic, 4th Serbian Conference on Spectral Lines Shapes (IV SCSLS), 2003.

[59] Staff products for the CLUSTER Active Archive, L. Mirioni, N. Cornilleau-Wehrin, P. Robert(1), M. Maksimovic, Y. de Conchy, and C. C. Harvey, proceedings of the "Cluster and Double Star symposium, 19 - 23 September 2005 at ESTEC, 2005.
