

CESRA Business Meeting

Prague, 26 June 2013 at 18:30

Agenda

- Opening of the meeting (President)
- Selection of chairman and secretary for the meeting + 2 tellers for counting votes (if needed)
- Report on CESRA activities in 2010–2013
- Future CESRA activities
- Election of three new Board members
- Other announcements
- Closing of the meeting

- CESRA Workshop 'Energy storage and release through the solar activity cycle - models meet radio observations' in La Roche en Ardenne, Belgium June 14 - 19, 2010

Solar Physics Topical Issue

CESRA Guest Editors Christophe Marqué and Alexander Nindos,
Editors Lidia van Driel-Gesztelyi and Cristina Mandrini

Volume 273, Number 2, November 2011

Radio Emission of the Quiet Sun and Active Regions (Invited Review) and 13 original research papers

Printed publication was sent to all registered participants

CESRA meeting in La Roche en Ardenne 2010

Report on CESRA activities in 2010–2013

- CESRA summer school on solar radio physics 2010
Nancay Radio Observatory, France, 20-24 September 2010

Partial funding from Radionet

Book 'Solar Radio Physics'
based on the summer school lectures
Publishing Agreement with Springer-Verlag

Editors: K.-L. Klein and S. Pohjolainen

Contributors: C. Alissandrakis, H. Aurass, A. Kerdraon, K.-L.
Klein, A. Nindos, V. Melnikov

(in preparation)

- Participation in the EU FP7 Radionet project, in planning and organizing radio astronomy summer schools

In this meeting:

Friday at 11:00–11:20 Anita M.S. Richards: RadioNet (invited talk)

Future CESRA activities for 2013-2016

- Topical Issue in Solar Physics following this meeting

Open for original research papers (refereed as usual)

Invited review papers (topics to be decided)

Deadline November 15

Guest editors S. Pohjolainen and M. Karlicky

Referee process during Spring 2014, fast publication

Future CESRA activities for 2013-2016

- 2nd CESRA Summer School, planned for 2014

focus on solar radio interferometry

partial Radionet support available for students

place to be decided

- 14th European Solar Physics Meeting (ESPM-14)

8-12 September 2014

Trinity College Dublin, Ireland

Further details, including session topics, will follow at a later date
CESRA participation

Future CESRA activities for 2013-2016

- Next CESRA workshop in 2016

Place to be decided

Topics to be decided

Election of three new Board members

- Continuing board members: Pohjolainen, Nindos, Marque
- Term ending and stepping down: Melnikov, MacKinnon, Aurass

Candidates for the election:

Kontar, Warmuth, Fleishman, Barta
